

License Server Supported Web Servers

The following web servers are supported for hosting the Helix ALM License Server Web Server Admin Utility CGI and HTML files.

Apache

- 2.2, 2.4

Microsoft Internet Information Server (IIS)

- 6.0, 7.0, 7.5, 8.0, 8.5, 10

See the [Helix ALM](#) or [Surround SCM](#) installation help for information about configuring web servers for the license server.
