

Limitations of Pasting and Dragging and Dropping in Helix ALM Web Fields

Helix ALM supports pasting images and text from the clipboard, Microsoft Word, and Helix ALM desktop and web client fields to multi-line text fields in Helix ALM Web. It also supports dragging and dropping images from the desktop and other Helix ALM Web fields to multi-line text fields.

These actions have the following limitations:

- Pasting content from Helix ALM Client fields or Microsoft Word is not supported in Internet Explorer or Safari.
- Pasting from the clipboard is not supported in Safari.
- Drag and drop to Helix ALM Web fields is not supported in Internet Explorer or Safari.
- Drag and drop from the desktop to Safari is only supported in Safari 6.1 and later.
